NOTICE TO MEMBERS

COVID-19-Notice No. II/23/3/2020

Further to the communication issued by the Club since the emergence of the COVID-19 in Kenya, the Management wishes to further notify Members as follows:

In response to the directives given by the Cabinet Secretary for Health on the general conduct of all us and the facilities we manage, it is clear that we have the responsibility to do **ALL WE CAN** to keep COVID19 at bay.

Subsequently, we have come up with the following further measures, to take place with immediate effect:

1. The Club Bar and Restaurant will henceforth operate on take-away basis. Members are advised to call the kitchen on Tel: **0702558781** for orders and collect the orders at the reception. **There will strictly be no sitting around in the CLUBHOUSE.** The take-away services will close at 7pm every day.
2. The swimming pool will remain closed.
3. Car wash services will continue to run.
4. Gate passes have been withdrawn immediately to reduce hand-to-hand interactions at the gate.
5. More provision of hand-washing points will be made at the following areas:
 - Starter Box
 - Green No. 3
 - Kerio Valley

- Green No. 7
- Green No. 9/ClubHouse.

Golf section

- The course will remain open for members wishing to play or exercise. There will however not be any competitions whatsoever. **Players will not be allowed to be more than a two-ball.**
- The Caddie area will be shut down completely and caddies will not be allowed to gather in or around the Club area. Members are therefore advised to make arrangements via phone call, either with the Caddie Master or through the usual Club line. Arrangements could also be made with individual caddies. **Members are however strongly advised to consider playing without caddies .**

These measures will take place immediately and will be effective for the next 14 days , as we await further directives. We appeal to each and every member to comply and cooperate so that we can help the government to keep this epidemic away.
